PART NO: MEV MX00 • CHASSIS CODE: C190 / R190

Capture the ultimate racing experience with the Öhlins Advanced Trackday kit for the Mercedes AMG GT. Our Advanced Trackday dampers have been developed straight from GT3 and GT4 racing cars and have been extensively tested on track, ensuring optimal performance for your trackday pursuits.

When it comes to driving a fast car like yours, it's important that you feel safe and comfortable pushing your limits on track days. The Öhlins Advanced Trackday dampers are equipped with our proven TTX technology, keeping you confident and in control as you hit top speeds and reduce lap times. Plus, with the 2-way adjustable function for compression and rebound damping, you'll be able to fine-tune your car's handling characteristics and find your perfect racing line.

Achieve the pinnacle of performance with the Öhlins Advanced Trackday kit for Mercedes AMG and unleash your inner GT driver.
